WHAT THE SOCIAL SECURITY ACT MEANS TO YOU

It means that if you work in some factory, shop, retail store, office, or almost any other kind of business or industry, you will be taking benefit time with you as you grow old. From the time you are 21 years old, or more, and your workers who will pay a Government charge every month in your life. If you have worked some time some day or more as much as one 5 years after 1936, and have earned during that time a total of \$2,000 or more.

THE AMOUNT OF YOUR CHECKS

How much you will get when you are 62 years old will depend entirely on how much you earn in wages from your job and on business employment between January 1, 1937, and your 61st birthday.

If you will be 62 after January 1, 1942 your monthly income will be computed on total wages earned from December 31, 1936, and your age at 62 as follows:

For less \$2,000 earned	— 177%	per month
plus 42,000	— 171%	
maximum method	— 174%	

If you do before 62 your checks will be from 100% of your 1937 allowed wages (up to \$3,000 a year) from January 1, 1937, until death.

If you do after 62 your wages will receive the same amount less the total of monthly benefits paid during your lifetime.

If you will be 62 before January 1, 1941 you will receive a lump sum of 2 1/2 % of your total earnings between January 1, 1937, and the date on which you are 62.

TAXES

The new law that provides these old age benefits for you and other workers, sets up certain new taxes to be paid to the United States Government. These taxes are collected by the Bureau of Internal Revenue of the U. S. Treasury Department, and inspectors concerning them should be contacted in that bureau.

YOUR PART OF THE TAX

The laws about how to pay the tax will be paid back by the workers and by you.

Tax is 12 % of wages during the next 3 years, beginning January 1, 1942, you will pay 4 % and for every dollar you earn, 1 % of the same time your employer will pay 1 % and 1 % of what you earn, up to \$3,000 a year.

Beginning in 1940 deductions for Old Age Retirement Benefits will be as follows:

Year	% of Income
1940, 1941, 1942	12%
1943, 1944, 1945	10%
1946, 1947, 1948	8%
1949 and	6%

Your employer will also take an amount of your wages for the purpose of paying your share of the tax. The amount of your share will be 1 % of your wages for each year from 1940 to 1941.

Memoranda

WHAT THE SOCIAL SECURITY ACT MEANS TO YOU

It means that if you work in some factory, shop, mine, mill, store, office, or almost any other kind of business or industry, you will be earning benefits that will come to you later on. From the time you are 65 years old, or more, and stop working, you will get a Government check every month of your life, if you have worked some time (one day or more) in each of any 5 years after 1936, and have earned during that time a total of \$2,000 or more.

THE AMOUNT OF YOUR CHECKS

How much you will get when you are 65 years old will depend entirely on how much you earn in wages from your industrial or business employment between January 1, 1937, and your 65th birthday.

If you will be 65 after January 1, 1942 your monthly income will be computed on total wages earned from December 31, 1936, and prior to age of 65 as follows—

For first \$3,000 earned	— 1/2%	per month
next 42,000	— 1/12%	
remainder earned	— 1/24%	

If you die before 65 your estate will receive 3½% of your total allowed wages (up to \$3,000 a year) from January 1, 1937 until death.

If you die after 65 your estate will receive the same amount less the total of monthly benefits paid during your lifetime.

If you will be 65 before January 1, 1942 you will receive a lump sum of 3½% of your total earnings between January 1, 1937 and the date on which you are 65.

TAXES

The same law that provides these old-age benefits for you and other workers, sets up certain new taxes to be paid to the United States Government. These taxes are collected by the Bureau of Internal Revenue of the U. S. Treasury Department, and inquiries concerning them should be addressed to that bureau.

YOUR PART OF THE TAX

The taxes called for in this law will be paid both by your employer and by you.

That is to say, during the next 3 years, beginning January 1, 1937, you will pay 1 cent for every dollar you earn, and at the same time your employer will pay 1 cent for every dollar you earn, up to \$3,000 a year.

Beginning in 1940 deductions for Old Age Retirement Benefits will be as follows—

Year	% of Income
1940, 1941, 1942	1½%
1943, 1944, 1945	2%
1946, 1947, 1948	2½%
1949 on	3%

Your employer will also pay an equal amount.

The two pages following are to help you keep an accurate record of your employers and also your earnings for the year, taxed for Old Age Retirement Benefits.

Social Security Earnings

Date	Employer	What the Social Security Act Means to You
		If you work for an employer who pays Social Security taxes, you are automatically covered by Social Security. You will not have to pay Social Security taxes if you are under 18, are a student, or are a member of a church or other religious organization that is exempt from Social Security taxes. THE AMOUNT OF YOUR CHECKS Your employer will deduct Social Security taxes from your pay. The amount of the deduction will depend on your earnings. If you earn less than \$4,800 a year, you will pay 3% of your earnings. If you earn more than \$4,800 a year, you will pay 6% of your earnings up to \$16,000 a year, and 3% of your earnings in excess of \$16,000. TAXES The Social Security Act provides that employers pay one-half of the Social Security taxes and employees pay the other half. The total Social Security tax is 12% of your earnings. If you are self-employed, you must pay the full 12%. YOUR PART OF THE TAX The Social Security Act provides that you will be paid back for your part of the Social Security tax when you reach age 62. If you die before age 62, your part of the Social Security tax will be paid back to your estate. DEATH BENEFIT If you die, your family may be eligible for a death benefit. The amount of the death benefit will depend on your earnings and the number of years you have been covered by Social Security. RETIREMENT BENEFIT If you reach age 62 and have been covered by Social Security for at least 5 years, you will be eligible for a retirement benefit. The amount of the retirement benefit will depend on your earnings and the number of years you have been covered by Social Security.

Dr. Burlingham Kills Himself in Park Ave. Leap

**Father, Former President of
Bar, Says Son Had Not
Been Sleeping Well and
'Acted From Impulse'**

Dr. Robert Burlingham, fifty years old, son of Charles C. Burlingham, former president of the Association of the Bar of the City of New York, killed himself at 5:30 a. m. yesterday by leaping from his family's fourteenth floor apartment at 860 Park Avenue. A statement issued by the father said that Dr. Burlingham had not been sleeping well and that he "acted from a sudden impulse."

Dr. Burlingham's pajama-clad body was found just off the sidewalk in Park Avenue by Thomas McCormack, of 438 East Eighty-third Street, a hallman in the apartment building. He notified Charles Balen, the superintendent. An ambulance surgeon was summoned from Flower Hospital and pronounced Dr. Burlingham dead.

The statement issued by the father follows:

"Dr. Robert Burlingham, son of Charles C. Burlingham, killed himself at 5:30 o'clock this morning by leaping from a window of the family apartment at 860 Park Avenue. He had not been sleeping well for about ten days and acted from a sudden impulse.

"Dr. Burlingham was fifty years of age. He was graduated from Harvard in 1910 and from the College of Physicians and Surgeons in 1914. He served as an interne in Roosevelt Hospital and was in practice for a few years but recently has been engaged in pathological work under Dr. Opie at the Cornell Medical Center.

"Dr. Burlingham married Dorothy Tiffany, daughter of the late Louis C. Tiffany. Mrs. Burlingham is abroad in London. The funeral services will be private."

Police said that Dr. Burlingham's son, Robert jr., is a student at Antioch College. They added that Dr. Burlingham had been under the care of Dr. Edwin Zabriskie, of 115 East Sixty-first Street, a nerve specialist, for some time.

Civil Service Reform Group Hails Him as 50 in Spirit

Charles C. Burlingham, long noted as a civic leader, was born eighty years ago today, but the Civil Service Reform Association, of which he is vice president, appraising him yesterday on the basis of "youthful understanding," refused to concede him more than 50 years.

The association issued the following congratulatory resolution to be presented to Mr. Burlingham, who is also chairman of its executive committee:

"Whereas, the mere lapse of recorded time does not measure the amount of effective time given by Charles C. Burlingham, to our reform and all other good works, for if measured by these works he would vastly exceed in age these scant eighty years; and,

"Whereas, in the good-humored activity and vigor in all these works Charles C. Burlingham, has maintained the charm of youthful understanding of current problem; and,

"Whereas, the age of Charles C. Burlingham may not therefore be estimated on any dimensional basis,

"Now, therefore, the executive committee of the Civil Service Reform Association hereby extends, in the warmest of personal affection and with admiring appreciation, natal congratulations to Charles C. Burlingham on what the committee has with careful deliberation appraised as his fiftieth birthday."

\$7,500 Award To Mrs. Skelly

Settlement Made in Midst of Trial

A settlement in the midst of a jury trial today gave Mrs. Eunice Skelly, widow of Hal Skelly, the stage and screen comedian, \$7,500 as recompense for her husband's death in a train-truck accident.

Mrs. Skelly sued the New York, New Haven & Hartford Railroad for \$10,000, charging negligence on the carrier's part was responsible for the death of the comedian, who was riding in a truck which was hit by a train at West Cornwall, Conn.

In the first trial, she was awarded \$10,000, the limit permitted in Connecticut, but Federal Judge Francis G. Caffey set the verdict aside on the ground of contributing negligence.

Subsequently, the Circuit Court of Appeals ordered a new trial.

PLUNGES TO DEATH AT PRINCETON CLUB

Body of Ian D. MacKenzie Found in Rear Yard.

Ian Douglas MacKenzie, 48 years old, of Cold Spring Farms, Bloomfield, Conn., was found dead shortly before 8 A. M. today in the rear yard of the Princeton Club at 39 East Thirty-ninth street. The police said that he either jumped or fell from his room on the ninth floor of the club.

Mr. MacKenzie was president of E. C. Fuller & Co., bookbinders, of 28 Reade street, and vice-president of the Smyth Manufacturing Company, at Hartford, Conn.

At Princeton University, from which he was graduated in 1915, Mr. MacKenzie was captain of the track team during his senior year and won the intercollegiate championship for the mile run.

Carl G. Dunderberg, secretary of the Fuller company, discounted the theory of suicide, telling the police that Mr. MacKenzie "had everything to live for." He was of the opinion that Mr. MacKenzie was seized with a dizzy spell and fell out the window.

Mr. MacKenzie leaves a wife and three children.

Mr. MacKenzie registered at the club last night and was assigned to room 97 on the ninth floor. He left a call for 7 A. M. When he failed to respond to the ringing of his room telephone at that hour, Denis O'Leary, a captain of bell-boys, was sent to investigate. O'Leary found the room empty and the window open. He looked out and saw Mr. MacKenzie's body, clad in underwear, in the yard on the Fortieth street side of the clubhouse.
